jetStamp **990**

• Ideal for small areas • Also prints on curved surfaces • User friendly • Starting model • Quick imprint • Max. print size: 2 lines, each 42 x 3,2 mm (W x H)

THE SMALL AND FAST ONE

The REINER *jetStamp* 990 is characterised by **rapid speed** and particularly **handy use** thanks to its compact size.

The smallest device from the *jetStamp* family permits **quick** and **simple markings** on **any smooth or irregular surface**. Like its bigger siblings, the inkjet printer is characterised by **optimal integration options**: it can be used mobile at the **respective workplace integrated into the production**.

The integrated LC display shows the set print image easily legible at all times in order to prevent marking errors.

The robust *jetStamp* 990 offers perfect flexibility with its **memory options**. Up to **25 customised texts** or special functions can be stored in the device. Five of these slots are filled with pre-set example images at delivery.

Description

- Ideal for small areas
- Also prints on curved surfaces
- User friendly
- Starting model
- Quick imprint
