Windows + macOS

Facts about the LX600e Color Label Printer

The LX600e single cartridge solution for both pigment and dye ink allows users to print a wider variety of applications while easing print operations. Print labels when and where you need them in just the quantities you can actually use. It includes all the same quality features as the LX610e without the built-in contour cutter.

Key facts

- ▶ 4800 dpi full-colour printing
- ▶ 16.7 million colours printable
- ▶ Interchangeable dye or pigment inks
- ▶ Built-in label cutter (pizza-wheel style)
- ▶ Compact & lightweight desktop printer
- ▶ Prints up to 127 mm (5") wide

Low maintenance

Gone are the days of clogged nozzles and unwieldy and expensive printhead replacements. Users get a brand new printhead each time they change the cartridge, simplifying maintenance and dramatically lowering on-going operating costs. With a simple swap-out of ink cartridges, LX600e can print with dye-based ink or pigment ink. Both types of ink work interchangeably on the same printer.

What's in the box?

- ▶ NiceLabel Free DTM Edition & BarTender UltraLite DTM Edition (Windows) & Belight Swift Publisher 5 (Mac)
- ▶ Dye-based CMY ink cartridge
- ▶ Instructions & sample book
