

jetStamp® 1025

- ✓ 100% mobile
- ✓ Direct printing at the touch of a button, without moving the device
- ✓ Large print area up to 85 × 26 mm (expandable to 85 × 52 mm with accessories)
- ✓ Print variable data (text, barcode, time, date)
- ✓ Intuitive, display-guided operation
- ✓ Suitable for small and large objects

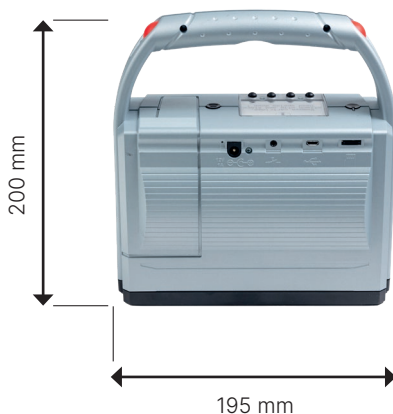

The all-rounder for mobile direct printing

The jetStamp® 1025 is the mobile marking device for direct printing of variable information – without any labels, without a permanent installation, and without moving the device. Text, 1D + 2D barcodes, logos, sequential numbers (Numbering machine), date, and time are printed directly onto the product at the touch of a button.

Thanks to its large print area of up to 85 × 26 mm, the jetStamp® 1025 is ideal for small and large objects as well as for frequently changing applications. With the appropriate accessories, the print area can be optionally extended to 85 × 52 mm with accessories. Printing is reproducible and independent of hand movement.

The intuitive, display-guided operation makes it easy to select and trigger print images. Up to 255 print images can be stored in the device and used flexibly. The print data is conveniently transferred, making the jetStamp® 1025 quick to set up and use.

The jetStamp® 1025 is 100% mobile and suitable for direct printing on a wide variety of materials such as cardboard, paper, wood, plastic, metal or glass. This makes it the ideal solution for users in intralogistics, industry, packaging, production and special applications where flexible and precise marking is required directly on site.

Technical specifications

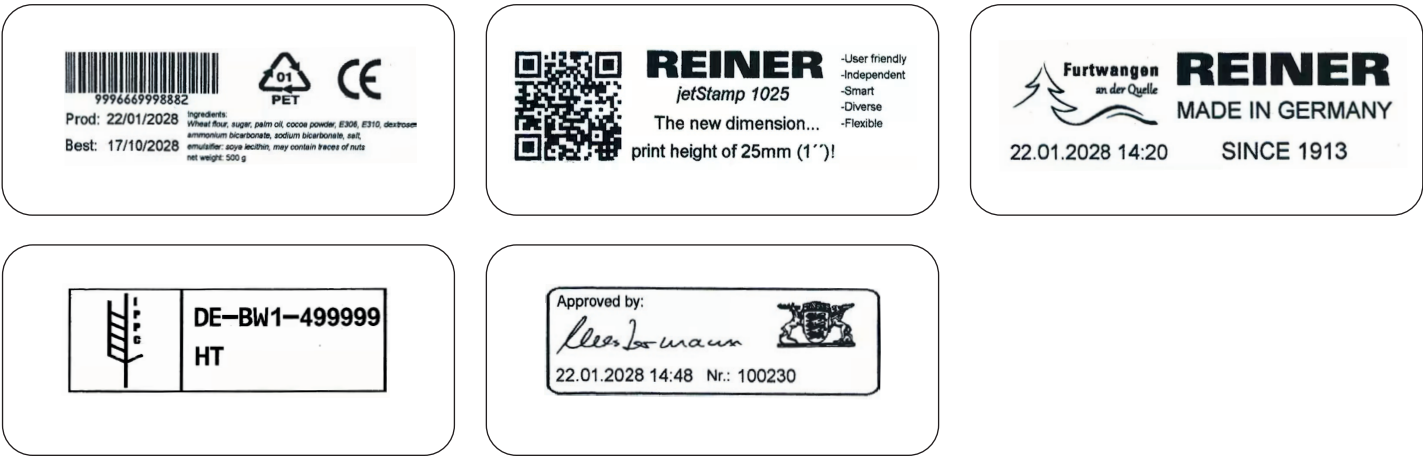

Feature	Specification
Printing process	Inkjet (TIJ)
Imprint contents	Numbers, date, time, text, 1D & 2D code sequential, graphics
Max. impression size (W × H)	85 × 26 mm (expandable to 85 × 52 mm with accessories)
Number of lines	Multi-line
Print resolution	300 dpi
Print speed	< 1 second per impression
Storable print images	Up to 255
Type of operation	Mobile, flexible
Operation	Printing at the touch of a button or printing by external trigger
Advertisement	With Display
Print image creation	PCset graphic, MOBILEset graphic
Data transmission	USB, Bluetooth, Wi-Fi
Device dimensions (L × W × H)	195 × 100 × 200 mm
Weight	approx. 900 g
Battery capacity	Up to 1,000 impressions
Order number	1030 000-002 (jetStamp® 1025 including case PRO)

Ink cartridges

Various inkjet print cartridges are available for the jetStamp 1025. The selection of the appropriate cartridge depends on the surface and material of the product to be printed.

Ink cartridge
P5-S3-BK

For absorbent surfaces

- Materials:
- Wood
- Cardboard
- Paper
- Stone

Ink color: Black

Order no.: 1037 100-000

Ink cartridge
P5-MP3-BK

For non-absorbent surfaces

- Materials:
- Plastic
- Metal

Ink color: Black

Order no.: 1037 100-120

Ink cartridge
P5-MP4-BK

For smooth and non-absorbent surfaces

- Materials:
- Plastic
- Metal
- Glass

Ink color: Black

Order no.: 1037 100-130

Ink cartridge
P5-MP6-YE

For non-absorbent surfaces

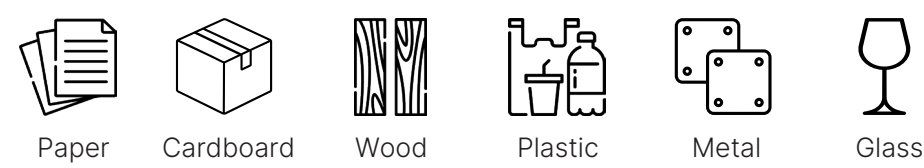

- Materials:
- Plastic
- Metal
- Glass

Ink color: Yellow

Order no.: 1037 100-140

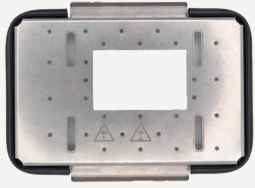

Surfaces & Materials

The device is suitable for direct marking on various surfaces and materials. The print quality and adhesion depend on the material properties, surface, and ink used.

Accessories

The right accessories expand the device’s range of applications and provide greater flexibility in everyday work.

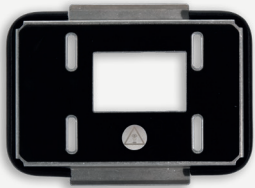

Positioning

2-Inch Print Extension SPIKES

Enables 2-inch impressions on rough wooden surfaces and Euro pallets.

Order no.: 1037 630-010

Positioning

2-Inch Print Extension GRIP

Enables 2-inch impressions on smooth surfaces such as cardboard and packaging.

Order no.: 1037 630-000

Positioning

Centering Aid for EPAL Pallet Block

Exact centering for precise impressions on EPAL pallet blocks (When used with the 2-inch printer extension spikes).

Order no.: 1037 670-000

Automation

Paper Print Station PS12

Automatic, even printing on paper, cardboard, and card stock up to DIN A4 size.

Order no.: 1037 300-000

Automation

Holding Arm

Flexibly adjustable support arm for a precise and stable printing position.

Order no.: 1037 270-000

Automation

Foot switch

External trigger for foot or hand-operated printing, allowing for hands-free operation.

Order no.: 381 050-005

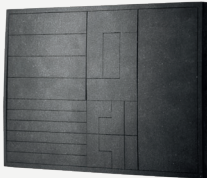

Positioning

Positioning Template Set

Precise impressions on small parts and flexible materials.

Order no.: 1037 240-000

Positioning

Positioning Mat

For reproducible impressions on small and curved objects.

Order no.: 1037 210-000

Protection

Carrying Strap

Reliable fall protection for safe working with the jetStamp®.

Order no.: 1037 580-000

Transportation & Storage

jetSafe PRO Case

Maximum protection and space for devices and accessories - even in harsh operating conditions.

Order no.: 1037 040-000

Transportation & Storage

jetSafe BASIC Case

Safe transport and orderly storage of your jetStamp® device.

Order no.: 1037 010-100

Consumables

Replacement Seal Set P5-S3

Ensure consistent print quality and protect the print cartridge from drying out.

Order no.: 1037 290-000

Protection

Protective Silicone Cover

Robust all-round protection against shocks, dust, and dirt.

Order no.: 1037 600-000

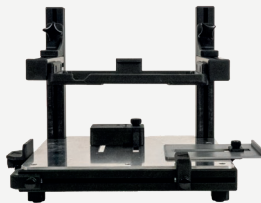

Protection

Protective Textile Cover

Reliably protects your jetStamp® device from dust and dirt.

Order no.: 1037 260-000

Automation

Packaging Print Station PS100

Stationary system for reproducible packaging labeling.

Order no.: 1034 010-000

Consumables

Replacement Seal Set P5-MP3/P5-MP4

Ensure consistent print quality and protect the print cartridge from drying out.

Order no.: 1037 290-100

Consumables

Ink Collection Tray Set

Self-adhesive tray for spitting - optimized for specialized and delicate print images.

Order no.: 1037 230-000

Consumables

AA battery - rechargeable (1 piece)

Reliable power for continuous mobile use of your jetStamp® device.

Order no.: 946 192-100
